

# Staff Network Cover Letter

20394 Gwyn Walks East Boydfort, NV 74251-8378

**Dear Azariah Treutel,**

I submit this application to express my sincere interest in the staff network position.

In the previous role, I was responsible for support and maintenance to assigned network gear to include Cisco switches, access-points, and battery backup systems.

My experience is an excellent fit for the list of requirements in this job:

- Good understanding of mobile networks, RAN technologies and industry specs
- Experience in network modeling, simulation and statistical analysis
- Working knowledge of machine learning, big data and real-time analytics
- Hands-on SW architecture and development
- Operating systems knowledge with advanced concepts such as virtualization, containers, micro services
- Familiar with open source development, openStack, openFlow, Docker, etc
- In depth knowledge of Firewall and URL filtering with any of the following, Cisco, Juniper, Palo Alto, Bluecoat, Websense, and Checkpoint
- Cisco Nexus and ASR 1000 experience preferred

**Thank you for considering me to become a member of your team.**

Sincerely,

Peyton Fay
