Staff Network Cover Letter

727 Miller PortsSouth Darrenhaven, AK 25272

Dear Tatum Hills,

Please consider me for the staff network opportunity. I am including my resume that lists my qualifications and experience.

In the previous role, I was responsible for technical guidance to network engineering support group in a LAN/WAN platform environment that uses Cisco routers and switches, VOIP and Telecommunication hardware often working with personnel from other groups within the organization.

Please consider my qualifications and experience:

- Experience with F5 LTM and GTM solutions
- Experience with Palo Alto security equipment
- Experience using scripts and scripting languages such as Python or Perl to deploy and manage device configurations
- Demonstrated experience with the management, design, and installation of servers, routers, switches, and network components in a business environment
- Extensive troubleshooting experience with McAfee, Cisco, Juniper, and Windows operating systems
- Extensive troubleshooting experience with network hardware including but not limited to Juniper/Cisco switches, routers and multiple firewall s/w and appliance types
- Demonstrated PC and networking skills, including LiveMeeting, conferencing servers
- Driven by quality customer service

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Frankie Swift
