

Starbucks Manager Cover Letter

74559 Epifania Squares West Kathrine, IL 81833

Dear Dylan Auer,

I submit this application to express my sincere interest in the Starbucks manager position.

Previously, I was responsible for technical assistance and consulting support to the Coca-Cola System as it relates to Tea, Coffee and New Technologies in handling quality and food safety issues, disseminating best practices and enabling compliance to requirements.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Strong understanding of Continuous Delivery and Integration frameworks including deployment automation, configuration management, test, and source code/bit repositories
- Minimum of 6 months of experience delegating tasks to other employees and/or coordinating the tasks of 2 or more employees
- Proficient with relevant data structures, algorithms, and computer science concepts
- Experience developing and managing repeatable processes, play books, documentation, etc to enable streamlining and scaling of a service
- Experience hiring, training and mentoring salaried managers and hourly FOH staff
- Barista certification and Barista Trainer certification preferred
- Advanced technical skills with application and system software development
- Strong understanding of server, database, storage and network infrastructure concepts and technologies

Thank you for taking your time to review my application.

Sincerely,
