

Statistician Senior Cover Letter

484 Thora Dale West Jaqueline, WY 32239

Dear Corey Wisozk,

Please consider me for the statistician senior opportunity. I am including my resume that lists my qualifications and experience.

In the previous role, I was responsible for strategic input and statistical support into drug development programs, including trial design and analysis for drug candidates, by applying Bayesian methodology to inform decision making, and by applying biostatistics principles to the analysis and interpretation of research problems;

Please consider my experience and qualifications for this position:

- Self-motivated, detail-oriented and a team player
- Ph.D in Statistics strongly preferred
- Experience with interactive data presentation and delivery systems
- Familiarity with version control (e.g., git)
- Practical experience working on both inferential and predictive statistical problems
- High level of expertise with the statistical programming language R
- Familiarity with scripting languages, HTML, LaTeX, SQL, JavaScript, and Object-Oriented Programming in general
- Knowledge of graphic design principles, especially as related to data visualization

Thank you for considering me to become a member of your team.

Sincerely,

Frankie Keebler
