

Stock Lead Cover Letter

21649 Walter DivideMullerfort, ME 82080-3791

Dear Tatum Krajcik,

In response to your job posting for stock lead, I am including this letter and my resume for your review.

Previously, I was responsible for support to maintain production of both existing product designs and new derivative NPI products.

Please consider my experience and qualifications for this position:

- Lead shift and engineering projects that impact key business initiatives – sometimes individual projects, and sometimes leading a team
- Attends and participates in department meetings as scheduled
- Provides support implementing best practices to improve safety, quality, productivity and cost reduction
- Sense of Geographic Adventure
- Manufacturing happens in real-time on the shop floor, and we are a 24-7 operation
- Routine Lifting up to 20 lbs
- Standing and sitting for extended periods and awkward or repetitive movements at times
- Ensuring company standards and procedures are in place, with regard to shipping and receiving, safety, processing and consolidating of merchandise

Thank you for your time and consideration.

Sincerely,

Cameron McLaughlin
