

# Strategy Advisor Cover Letter

1015 Wilmer PlainsMcGlynnton, WI 15823-5501

**Dear Avery Waters,**

In response to your job posting for strategy advisor, I am including this letter and my resume for your review.

Previously, I was responsible for expertise on reporting product and support for a set of critical Customer Data Management tools and Marketing Automation Platforms.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Business or Engineering background
- Accounting designation CPA (CMA, CGA, CA) or financial analyst (CFA)
- Experience managing a team in matrix mode
- Experience in business strategies or corporate development
- Experience in business valuation and acquisition due diligence
- Experience as an advisor to senior management
- Knowledge of the Canadian financial industry and financial products and services, an asset
- Discipline, innovation and team spirit

**Thank you in advance for taking the time to read my cover letter and to review my resume.**

Sincerely,

Peyton Bosco
