

Strategy Consulting Cover Letter

29362 Oliver BrookDenesikstad, CO 05845-5428

Dear Onyx Hyatt,

I submit this application to express my sincere interest in the strategy consulting position.

Previously, I was responsible for input on design and integration issues based on knowledge of previous SAP implementation experience and best practices.

Please consider my experience and qualifications for this position:

- Experience of business change projects and programmes and in driving change cross-functionally and working within a project environment
- Understand the linkage between banking, insurance and payments how the new payments operators are developing out their capabilities
- Be able to grasp detailed information and understand what this means for the payment industry as a whole
- Creative thinker who is very interested in innovation and how that is influencing the payments landscape going forward
- Niche customer experience agencies or research houses
- Management/strategy consulting from firms like McKinsey, Bain, BCG, Parthenon,
- Corporate strategy/FP&A in a Fortune 500 environment
- Business operations/Project manager

Thank you for your time and consideration.

Sincerely,

Lennon Davis
