

Studio Technician Cover Letter

4823 Thompson Row West Tonda, MA 93436

Dear Emerson Mills,

Please consider me for the studio technician opportunity. I am including my resume that lists my qualifications and experience.

Previously, I was responsible for day to day support and direction to production such as, but not limited to, operation of 3D printing equipment, finishing, packaging etc.

My experience is an excellent fit for the list of requirements in this job:

- Technical expert who is analytical, process-minded and has strong organizational skills
- A thorough knowledge about and hands on experience with Additive Manufacturing and Digital Fabrication technologies, both operation and maintenance
- Bachelor of Fine Arts or Studio Arts
- Strong communication skills and a positive attitude under potentially extreme pressure are necessary
- Able to recognize the needs of the client before, during and after a motion capture shoot and prioritize tasks accordingly
- Knowledge of methods & procedures used in operating, repairing & maintaining all types of recording equipment
- More than 1 yr full-time experience in the operation, repair & maintenance of audio-visual, recording and related media software & equipment
- ProTools certification from Avid

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Royal Rodriguez
