

Studio Technician Cover Letter

9215 Adams BrooksStarkville, CO 42851-2796

Dear Royal Kirlin,

I would like to submit my application for the studio technician opening. Please accept this letter and the attached resume.

In the previous role, I was responsible for support on process and production equipment such as but not limited to: general manufacturing equipment, coil winding systems, boilers, reverse osmosis/D.I.

My experience is an excellent fit for the list of requirements in this job:

- Skill in using laser cutters and laser cutter setup preferred
- Advanced skill in using digital printmaking software
- Advanced skill in various printmaking techniques (relief, intaglio, lithography, letterpress, and screen printing, letterpress, offset) papermaking and bookbinding
- Knowledge of potential hazards present in various materials and processes
- Skill to troubleshoot and provide routine maintenance and basic repair of machines, tools, and equipment
- Excellent verbal and written communication skills to communicate clearly processes, workflow, and safety rules
- Skill in using WebCheckout or another equipment/ tool reservation system preferred
- Willingness to work flexible schedule including early morning, evening, and weekend, when needed

I really appreciate you taking the time to review my application for the position of studio technician.

Sincerely,

Jordan Johnston
