

Support Account Manager Cover Letter

8092 Hand BypassSmithammouth, ID 04629

Dear Morgan Gleichner,

In response to your job posting for support account manager, I am including this letter and my resume for your review.

In my previous role, I was responsible for expert guidance and technical expertise in a wide variety of infrastructure-related topics, including storage, Server, Network, Database, Virtualization, and Client technologies, to aid in technology direction and purchasing decisions.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Experience in a hyper-converged environment ideal
- In-depth knowledge of current HPE and industry standard networked computing environments, operating systems, and applications
- Advanced skills in analysis and presentation
- Knowledgeable of future technology directions
- Fluent English, oral and written, other European languages an advantage
- Experience with Excel, Access, SQL, or other scripting languages to analyze data and configure into high level reporting
- Experience in delivering communication to wide audiences in multiple formats
- Valid Offshore Survival Certificate (preferred)

Thank you for considering me to become a member of your team.

Sincerely,

Landry Gleichner
