

Surgeon Cover Letter

1861 Mitzi Prairie North Leland, OH 74158-5983

Dear Onyx Hudson,

In response to your job posting for surgeon, I am including this letter and my resume for your review.

Previously, I was responsible for an accounting of services rendered and accurate, specific diagnosis codes for each patient by completing appropriate billing/reimbursement documentation.

Please consider my experience and qualifications for this position:

- Works with biological samples with risk of exposure to, zoonotic disease, and biohazards
- Robotic certification
- An interest in laboratory animal science, ophthalmology, anaesthesia and/or surgery would be an advantage
- Learn and use Facilities Management location maps
- Climbing and working at extreme heights of 50' and above
- Operating power equipment and hand tools while suspended at extreme heights of 50' and above
- Operating power equipment and using small hand tools
- Frequent moving of heavy objects

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,

Marion Turcotte
