System Admin Cover Letter

9699 Maribeth CircleKeeblerhaven, WI 43993

Dear Bellamy Christiansen,

Please consider me for the system admin opportunity. I am including my resume that lists my qualifications and experience.

Previously, I was responsible for systems administration for local infrastructure including servers, storage, virtualization, backup, firewalls, switches, and other systems.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Knowledge of containers and sun clusters are a benefit
- Strong knowledge of Veritas Volume Manager
- Strong knowledge of Solaris 10
- Strong knowledge of Solaris zones
- Strong knowledge of ZFS
- Strong knowledge of Live Upgrade
- Windows and Linux/Unix basic administration
- Shell scripting basics

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,

Armani O'Kon
