

System Admin Cover Letter

614 Kirlin RadialBradtketon, ND 28125

Dear Sam Cassin,

I submit this application to express my sincere interest in the system admin position.

In my previous role, I was responsible for the highest level of technical expertise and consulting services supporting the technical infrastructure including customer devices, Windows servers, UNIX servers, and the EMC Storage environment.

Please consider my qualifications and experience:

- Minimum 7 yrs or more experience in QA with HP Tools
- Working knowledge of business goals, software quality standards and best practices
- Facilitates small to medium project testing team meetings effectively, accurately and timely
- Strong experience in hybrid Exchange/O365 environment, Skype for Business, Citrix XenApp, Hyper-V, and SAN preferred
- Keep track of resolved Defects in RTC and verify the same
- McAfee Host Based Security System HBSS
- Windows Server Update Services WUS/DHCP Server
- Cassandra Admin

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,

Jordan Spencer
