

System Admin Cover Letter

3316 Ratke ForkEast Kendallshire, MD 48178-0912

Dear Corey Kuvalis,

Please consider me for the system admin opportunity. I am including my resume that lists my qualifications and experience.

In the previous role, I was responsible for 24/7 operational support within Windows Server, VMware and hardware technologies.

My experience is an excellent fit for the list of requirements in this job:

- Experience in Linux administration is preferred
- Requires strong knowledge of data analysis techniques by resolving missing/incomplete information or inconsistencies/anomalies in more complex data
- Excellent communication (written and verbal) and interpersonal skills to work effectively with teams throughout organization
- Strong technical knowledge of VMWare and associated virtualization technologies
- Strong technical knowledge SAN and Storage technologies (hardware, protocols, standards and related technologies)
- Protects database by developing access system
- Experience with VMWare, deploying and modifying VMware guests
- Experience maintaining and supporting Active Directory

Thank you for considering me to become a member of your team.

Sincerely,

Shiloh Kemmer
