

Systems Admin Cover Letter

1211 Hong KeyRobelhaven, MN 38682

Dear Baylor Hartmann,

Please consider me for the systems admin opportunity. I am including my resume that lists my qualifications and experience.

In my previous role, I was responsible for linux (RHEL/CentOs) and Windows operating system server administration in a virtualized cloud environment.

Please consider my experience and qualifications for this position:

- Understanding and experience with
- Knowledge of networking principles and applications / technologies (e.g., TCP / UDP protocols, DNS, DHCP)
- Experience in Windows OS build for Hardware and Virtualized platforms
- Experience of engineering solutions around Dell/HP Server Hardware Platforms in an enterprise environment
- Experience in managing to strict SLAs
- Good understanding and awareness of Microsoft licensing
- Utilizes functional knowledge of job flow process to request changes to production schedule for file transmissions
- Works across all functional areas of the enterprise, and uses a strong customer services orientation to ensure that all requests and problems are resolved

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,

Alexis Howell
