Dear Rory Predovic,

I would like to submit my application for the systems admin opening. Please accept this letter and the attached resume.

In my previous role, I was responsible for windows Server 2012 and RHEL 7 operating system server administration in a virtualized environment.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Experience in managing small environment
- Experience in Server operating systems, Linux, Windows, ESX
- Experience with Server hardware, storage, network
- Administration skills for Linux and Windows operation systems
- Flexible to work on environment with changing priorities
- Scripting experience for system administration is added advantage
- Experience with scripting (shell
- Experience in working with various vendors to integrate COTS and third applications to support directory services integration via AD authentication protocols (Kerberos, SAML, OAUTH, LDAP)

Thank you for your time and consideration.

Sincerely,

Corey Runolfsdottir
