Systems Admin Cover Letter

62792 Hessel KnollKertzmannton, WI 02764

Dear Marion Tromp,

I am excited to be applying for the position of systems admin. Please accept this letter and the attached resume as my interest in this position.

In my previous role, I was responsible for technical support and documentation for over 450+ Windows servers - physical and virtual including Microsoft Cluster Server.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- VMware Certifications and experience
- Knowledge of virtualization technologies such as Hyper-V, Citrix
- Demonstrated critical thinking and planning at a strategic, global level
- Red Hat Enterprise Linux and CentOS 5.X and 6.X
- Active security clearance at Secret level or higher
- Possess strong network knowledge and skilled in network protocols such as TCP/IP and DNS, DHCP
- Security+ CE (upon start)
- PXE and WDS automated system installation technologies

I really appreciate you taking the time to review my application for the position of systems admin.

Sincerely,

Quinn Schmeler
