

# Systems Administrator Linux Cover Letter

79064 Will UnionWeimannborough, GA 02926-6297

**Dear Ari Gleichner,**

I would like to submit my application for the systems administrator linux opening. Please accept this letter and the attached resume.

In the previous role, I was responsible for technical expertise in the areas of systems-related performance management, security reviews, and project planning.

Please consider my experience and qualifications for this position:

- Peer level KPI's are within normal levels
- Certified in Linux Administration (CompTIA Linux+, RedHat, ect...) or equivalent work experience
- New Asset Setup - Assists the lab clients with newly arrived non-bringup hardware
- Asset Surplus/Reutilization - Assists the client organizations in the surplussing or reutilization of lab assets no longer needed by the clients
- IT Security - Assists the client organizations in maintaining corporate IT security standards for all systems within the lab spaces
- UNIX/Linux Security experience
- Collaborate with engineers and document with change controls as standard practice
- Red Hat, CentOS advanced system knowledge

**Thank you in advance for taking the time to read my cover letter and to review my resume.**

Sincerely,

Sawyer Poulos
