

# Systems Security Specialist Cover Letter

40509 Koepp CanyonDebrahborough, TX 88959

**Dear Hayden Kutch,**

I submit this application to express my sincere interest in the systems security specialist position.

In the previous role, I was responsible for security policy guidance and security management support to the Chief Field Office in close collaboration with Security Manager enabling effective programme planning, implementation and delivery within the framework of all UN security policies and procedures.

My experience is an excellent fit for the list of requirements in this job:

- Previous experience with Business Intelligent tools such as Tableau, Platfora
- Demonstrate one's own initiative to resolve problems and issues as and when they occur, and use appropriate thought leadership to guide teams to solve their own problems
- CREST Certified
- X- Ways and/or Encase courses
- Cisco Firewall Knowledge
- Demonstrable back ground in complex fault handling
- Gravitas and senior stakeholder management
- Any Euroepan language on a conversational level is an advantage

**Thank you for considering me to become a member of your team.**

Sincerely,

Emery Watsica
