

Tableau Developer Cover Letter

1721 Schinner Underpass Trompfort, NM 06801

Dear Armani Huel,

I submit this application to express my sincere interest in the tableau developer position.

Previously, I was responsible for tier/level-2 support for QlikView and MS Power BI reporting.

Please consider my experience and qualifications for this position:

- Restricted data for particular users using Row level security and User filters
- Developed Tableau visualizations and dashboards using Tableau Desktop
- Developed Tableau workbooks from multiple data sources using Data Blending
- Working with team of developers designed, developed and implement a BI solution for Healthcare KPIs
- Min 2 yrs experience, or 1 yr + masters
- Site and Area mapping experience in Tableau
- Optimization calculation methodology experience
- Right-sizing modeling and analysis (fleet or staff right-sizing experience would be beneficial)

I really appreciate you taking the time to review my application for the position of tableau developer.

Sincerely,

Marion Dare
