

# Tableau Developer Cover Letter

2199 Purdy PlazaKonopelskiland, OR 00261-2912

**Dear Oakley Beier,**

I submit this application to express my sincere interest in the tableau developer position.

Previously, I was responsible for guidance to Visa teams on relevant analytical and BI applications to address Visa internal and Visa client business challenges.

My experience is an excellent fit for the list of requirements in this job:

- Statistical analysis language
- Experience with complex data analysis and visualization
- Experience with Tableau dashboards, reports, migrations and administrations, including version control
- Experience helping analysts troubleshoot Tableau issues
- Support evaluating and engineering Analytics software for use in the client's enterprise data centers, specifically Tableau and Qlikview
- Developing customized installation and support guides consistent with client IT security policy
- Providing third level support regarding product related issues
- Installing and Administrating shared environments built for the selected Analytics technologies

**Thank you for your time and consideration.**

Sincerely,

Jordan Wehner
