

Tech Field Cover Letter

454 Gorczany Overpass West Donnanchester, LA 18906-7949

Dear Onyx Smith,

In response to your job posting for tech field, I am including this letter and my resume for your review.

Previously, I was responsible for technical and/or assistance to other DCR divisions, state and local agencies concerning agency programs, including conservation, natural resource and forest protection.

Please consider my experience and qualifications for this position:

- Traffic Control Experience
- Good knowledge of the construction industry
- Technical certifications or technical experience
- General IT knowledge including troubleshooting applications, computers, and basic networking
- Provides technical desktop support and training to personal computer and PC network users
- Engages users to determine their potential future business requirement
- Uses advanced tools /technical knowledge to remediate client problems and conduct scheduled installations
- May help coach team members

Thank you for your time and consideration.

Sincerely,

Emerson Casper
