

# Tech Project Manager Cover Letter

586 Elina GlensSouth Chadbury, NC 85480

**Dear Tatum Kirlin,**

Please consider me for the tech project manager opportunity. I am including my resume that lists my qualifications and experience.

In the previous role, I was responsible for project support to the Network Security & Network Platform teams by tracking internal team tasks and deliverables.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Experience in managing and delivering projects in Agile methodology
- Good leadership skills in working with application teams, vendors and partners
- Experience using Clarity (CA PPM), JIRA and/or Application Lifecycle Management
- Proven track record of delivering large and complicated projects and programmes to agreed project parameters, preferably within financial services organisations
- High level of drive, integrity, persistence, edge, can-do attitude, pro-activeness and maturity
- Proven success with marketing campaign elements, events management and strategies
- Experience in owning and delivering outcomes with a team size of minimum 10+ is critical
- Experience in Agile methodologies like Scrum, Kanban is advantage

**Thank you for taking your time to review my application.**

Sincerely,

Oakley Hansen
