

Technical Illustrator Cover Letter

49671 Sindy Heights Jerdeborough, LA 83811

Dear Rowan Ratke,

In response to your job posting for technical illustrator, I am including this letter and my resume for your review.

In my previous role, I was responsible for input on processes and procedures required for development of technical illustrations.

My experience is an excellent fit for the list of requirements in this job:

- Professional experience with military aircraft technical manuals preferred
- Highly organized and able to thrive in a deadline-oriented environment
- Proven track record (strong portfolio) creating illustrations by manipulating CAD (CATIA) with lighter-weight 3D authoring tools such as 3D Via Composer or Right Hemisphere to create a variety of technical drawings, illustrations, exploded views, etc
- XML and structured authoring, preferred
- Solidworks (limited)
- Experience working directly with engineers in a technical support capacity
- Intermediate skill level in FrameMaker preferred
- Engineering 2D and 3D assembly drawing blueprint reading skills preferred

Thank you for taking your time to review my application.

Sincerely,

Corey Beer
