Dear Dylan Langworth,

I am excited to be applying for the position of technical implementation manager. Please accept this letter and the attached resume as my interest in this position.

In my previous role, I was responsible for technical analysis concerning operating system, hardware, network & storage related issues on windows servers and application performance issues to resolution.

My experience is an excellent fit for the list of requirements in this job:

- Visio diagrams
- Gantt charts
- HL7 Language
- Comfortable using technology such as WebEx and virtual meetings to enhance client discussions
- Able to embrace change, and pilot process enhancements and new products
- Knowledge of Wholesale Lockbox remittance program
- Thorough understanding of the TM Product Delivery process
- Excellent computer skills, specifically the Microsoft Office Suite

Thank you for taking your time to review my application.

Sincerely,

Avery McLaughlin
