

Technical Implementation Manager Cover Letter

500 Stephanie FreewayTrentton, IN 39608-2394

Dear Riley Sawayn,

I submit this application to express my sincere interest in the technical implementation manager position.

In the previous role, I was responsible for resources to support USCIS OIT management with the deployment of the LAN/WAN, including but not limited to CSU/DSU(s), routers, switches, WAN optimizers, enterprise application and resource servers, encryptors, VoIP switches, VTC and other network enterprise devices.

My experience is an excellent fit for the list of requirements in this job:

- Mobile Service Management
- Mobile delivery management
- Oversees the management of warehouses and stores
- Significant management and supervisory experience
- Experience using reporting platforms such as Tableau, Business Objects, MicroStrategy
- Experience in a CMMI Level 3 environment higher highly preferred
- Data driven with experience developing and using metrics to make business decisions
- Demonstrated experience in completing IT or Service implementation projects preferred

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,

Bellamy Schaefer
