

Technical Research Assistant Cover Letter

140 Hubert Tunnel West Altonsoport, RI 56723

Dear Morgan Zboncak,

In response to your job posting for technical research assistant, I am including this letter and my resume for your review.

In my previous role, I was responsible for leadership to scientists, post-docs, and students performing internal and sponsored research projects in fermentation and cell culture.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- A positive attitude and eagerness to learn
- Computer literacy (MAC/PC)
- Experience with NMR, mass spectroscopy, and other analytic techniques with computer programming devoted to data analysis is strongly preferred
- Knowledge of computer skills, programs, Excel
- Experience with culturing human embryonic stem cells and differentiating them to neurons
- Highly motivated, enjoys multi-tasking
- Computer literacy, including Microsoft Excel, Powerpoint
- Prior experience with microbiology and/or laboratory animal husbandry is preferred

Thank you for your time and consideration.

Sincerely,

Blake Blanda
