

# Technical Research Assistant Cover Letter

479 Kenton LandReichel  
town, VA 22716

**Dear Alexis Wintheiser,**

Please consider me for the technical research assistant opportunity. I am including my resume that lists my qualifications and experience.

In my previous role, I was responsible for orientation and trains new technicians, research fellows and students in laboratory organization, mouse-related work and safety policies.

My experience is an excellent fit for the list of requirements in this job:

- Production of charts, graphs and other graphics (training available)
- Photography and graphic design preferred
- Basic knowledge of adding information to a website
- Knowledge of, or experience with production agriculture, agritourism, food systems, or rural communities
- Knowledge of computer programs (Word, Excel, Powerpoint)
- Long term interest in a career in medicine or science
- Prior full-time or part-time experience in research, in a wet or dry lab environment
- BA in Biology or Chemistry or a closely related field

**I really appreciate you taking the time to review my application for the position of technical research assistant.**

Sincerely,

Frankie McClure
