

Technical Sales Cover Letter

592 Bednar CenterHaileystad, WV 02593

Dear Dallas Morissette,

I am excited to be applying for the position of technical sales. Please accept this letter and the attached resume as my interest in this position.

In the previous role, I was responsible for medical professionals with sales support, information, and training on the use of Company products and with staff education, in-services and technical troubleshooting.

Please consider my experience and qualifications for this position:

- Work with Product Management to benchmark competitive products, ensuring the right products are tested for all necessary real world field applications, not just ASTM testing
- A strong technical background in Information Technology Security is desirable
- Knowledge of Internet Security technology
- Experience with SEMs, FIBs or similar systems
- Undergraduate student (completed junior level or higher)
- Growing NEW business within a technical sales environment
- A general understanding of hardware design micro controllers and memory components
- Knowledge of CAN protocols like J1939 and ISO15765 is an advantage

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,

Campbell Osinski
