

Technical Sales Cover Letter

75859 Benjamin ShoalsOwenfurt, CO 75141-7754

Dear River Bauch,

I submit this application to express my sincere interest in the technical sales position.

In my previous role, I was responsible for guidance and training to client population on system and products to eliminate recurring errors for systems/products.

Please consider my qualifications and experience:

- Product knowledge and background in the field of automotive electronic components
- Background in Sales, Marketing, or Customer Service Support
- Should be attentive, positive, and able to work independently
- Prior inside sales/customer service experience preferred
- Demonstrated understanding of lean Six Sigma principles
- Fluent in the use of Microsoft Office programs (Word, Excel, Power Point), Outlook, and CRM (Salesforce.com)
- Excellent communication and presentation skills with experience working with all levels of company and customer personnel
- Energy Generator

Thank you for considering me to become a member of your team.

Sincerely,

Justice Bradtke
