**Dear Brooklyn Kling,**

In response to your job posting for technical support engineer, I am including this letter and my resume for your review.

In the previous role, I was responsible for technical support for all supplemental TVE Video Service components operating on a Linux and or Windows platform.

Please consider my experience and qualifications for this position:

- Experience with setup and debugging TCP/IP networks
- Fluent English skill as well to communicate with US and read manuals
- Prefer "Talking" with customers directly
- Community College certificate in a related field of study or equivalent
- Proficient in reading and writing scripts, TCP/IP and SSL protocols, network infrastructure Virtual Machine and Load Balancer
- Proficient in Windows family Operating Systems, Linux commands and Operating Systems, MS SQL database and Oracle database
- Basic understanding of setting up test environments
- Proficient in setting up test environments with simulators

**Thank you for taking your time to review my application.**

Sincerely,

Zion Franecki
