

Technical Support Engineer Cover Letter

4772 Kautzer CovesO'Connellport, MS 52728-0743

Dear Denver Homenick,

In response to your job posting for technical support engineer, I am including this letter and my resume for your review.

Previously, I was responsible for technical support for code and web deployment on Unix/Windows/Linux platforms.

Please consider my experience and qualifications for this position:

- Experience of working in a system support or maintenance role
- Experience of organizing or supervising other staff and schedules
- Excellent computer skills, particularly in Windows operating systems and MS Excel
- Experience of working in NHS or Private Hospitals would be beneficial but not essential
- Background and experience in construction related fields
- Proficiency with CAD and 3D modeling software
- TMS (TelePresence Management Suite)
- TelePresence Conductor

Thank you for taking your time to review my application.

Sincerely,

Ryan Schiller
