

Technical Support Engineer Cover Letter

43480 Heaney Heights North Analisastad, MA 27190-7303

Dear Tyler O'Conner,

Please consider me for the technical support engineer opportunity. I am including my resume that lists my qualifications and experience.

In the previous role, I was responsible for support running Linux and Windows servers and containers, including server hardening, patching, network security and log management to deliver web application and service stacks.

Please consider my qualifications and experience:

- HNC or equivalent in Mechanical Engineering
- Past experience working in a network operations center
- Preferable work and exposed in Lift industry
- Provides second/third level technical support for Routing Protocols technologies to customers, partners, account teams, and other Technical Assistance Center engineers
- Frequent bending, lifting, handling, and reaching
- Previous experience in application or database support
- Experience in technical support in software environment
- Understanding of desktop operating systems including Windows - installing and maintaining

Thank you for your time and consideration.

Sincerely,

Reese Luetngen
