

Technician Cover Letter

7005 Champlin Junctions Port Jameburgh, NY 39852

Dear Blake Christiansen,

I would like to submit my application for the technician opening. Please accept this letter and the attached resume.

Previously, I was responsible for assistance in the operation of equipment loan office, inventory control, and order processing.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Diploma dalam bidang Sains / Kejuruteraan atau berkelulusan baik dalam STPM
- Minima 2 tahun pengalaman bekerja dalam bahagian pengeluaran Engineering (Generalist)
- To ensure public safety and minimise property damage, by assisting the Test Engineers in the examination and testing of appliances, equipment and accessories to determine their compliance or otherwise with standards and specifications
- To assist in the process of providing NATA test reports and expertise to external organisations that forms an essential part of the Electrical Product Approvals Scheme governed by law in each state of Australia
- To assist the Test Engineers and Operations Manager in any such manner with regard to the Electrical Safety Testing division
- Diploma or Advanced Certificate in electrical or electronic field of equivalent or progressing toward completion of such
- And procedure manuals
- Data and work results

Thank you for your time and consideration.

Sincerely,
