My experience is an excellent fit for the list of requirements in this job:

- Experience in product assembly with manual or semi-automated equipment, in a laboratory environment, and in product testing, particularly in the field of batteries, would be a benefit
- A hands-on individual with excellent mechanical aptitude, attention to detail, and is highly organized
- High School, NTC or Diploma Holder in Engineering or related field
- Possess analytical skills in the evaluation of reports and troubleshoot, communication with customers
- Ideally educated to HNC level in electrical, electronic engineering, or the equivalent gained through work experience
- Familiarity with testing of electrical / electronic systems
- Proficient in the use of Microsoft Office including Excel and Word
- Basic English reading

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Ryan Corwin
