

# Telecommunications Project Manager Cover Letter

981 Toy VistaLake Minh, ID 29566-9356

**Dear Skyler Cronin,**

I submit this application to express my sincere interest in the telecommunications project manager position.

In my previous role, I was responsible for ordering, training, and consulting expertise on telecommunication services which include telephone hardware and software, automatic call distribution, voice menu services and voice mail.

Please consider my experience and qualifications for this position:

- Experience with WAN, LAN, Wireless LAN and other data network services is desirables
- Relevant direct experience and sound understanding of IT infrastructure transportation and/or logistics industry
- Experience in specifying application functionality and interacting with large IT organisations
- Have exposure to using high maturity project management practices
- Experience in Telecommunications, Condition Monitoring, Electronic Surveillance or the IT Industry preferably as they relate to the rail industry
- Be a good communicator and a knowledge sharer across project teams
- Experience with Microsoft Excel, PowerPoint, and Project
- Completion of an accredited Computer Science, Electrical Engineering, or Information Technology bachelor's program, or equivalent experience

**Thank you in advance for taking the time to read my cover letter and to review my resume.**

Sincerely,

Story Schuppe
