

Temporary Technician Cover Letter

36130 Karolyn Trail Weststad, IA 11325-1455

Dear Story Heller,

I am excited to be applying for the position of temporary technician. Please accept this letter and the attached resume as my interest in this position.

Previously, I was responsible for recommendations and assist with implementation of methods, procedures and techniques for improving maintenance of existing/new systems as well as assisting with system failure root cause investigations.

Please consider my experience and qualifications for this position:

- Proficient in furniture repair and installation
- Highly motivated proactive individual that can work unsupervised with a high level of detail
- Completes work assigned in a reliable, consistent manner while working successfully as an individually and within a team environment
- Experience in bioinformatics, statistics, and evolutionary biology
- On the background check
- Past work experience in test lab is preferred
- Basic knowledge of MS Excel and Word
- Familiarity in working with printed circuit boards and other electronic components

Thank you for considering me to become a member of your team.

Sincerely,

Ryan O'Kon
