

Test Developer Cover Letter

48795 Catalina VillePort Donbury, AR 58501

Dear Stevie Upton,

I would like to submit my application for the test developer opening. Please accept this letter and the attached resume.

In my previous role, I was responsible for additional quality assurance for end users (c#, python, ArcObjects and the ArcGIS Pro SDK).

Please consider my qualifications and experience:

- REST APIs and a good understanding of HTTP
- Professional database experience in at least SQL databases such as Postgres, MySQL, and Rails models/migrations
- NoSQL databases (Mongo, Elastic Search, Dynamo)
- Knowledge of object oriented software concepts
- Strong knowledge of MS Windows environments and proficiency with MS Office Products (Word, Excel, Visio, & PowerPoint)
- Familiarity with Quick Test Professional/Unified Functional Testing COTS software
- Some hands on experience with a scripting programming language (VBScript, JavaScript)
- Knowledge of software and systems engineering processes over the entire software development life cycle

Thank you for taking your time to review my application.

Sincerely,

Lennox Anderson
