Test-Integration Cover Letter

435 Riva ClubWest Renaborough, MT 88057-8416

Dear Lennox Bernhard,

I would like to submit my application for the test-integration opening. Please accept this letter and the attached resume.

Previously, I was responsible for user support for a large-scale Linux-based system written primarily in C++ and using Oracle Relational Database.

Please consider my experience and qualifications for this position:

- Experience with Data Acquisition tools including CANape
- Experience with Servers, networking and TCP/IP
- IT Network and firewall experience
- Mentors individual team members and effectively manages group activities
- Proficiency in Agile/SCRUM product development principles
- Previous experience supporting analytical instrumentation and software products
- Proficiency in application of automated test tools to hardware and software product solutions
- Proficiency in risk assessment, troubleshooting, RCCA, or other established quality programs

I really appreciate you taking the time to review my application for the position of test-integration.

Sincerely,

Cameron Koepp
