

# Test Manager Cover Letter

91116 Cecil ViaNorth Eufemia, IA 66410-0598

**Dear Indigo Schumm,**

I submit this application to express my sincere interest in the test manager position.

In the previous role, I was responsible for leadership to quality assurance teams, and proactively engages with teams to promote process and organizational improvements that enhance overall effectiveness, especially drive Agile & SAFe methodologies.

My experience is an excellent fit for the list of requirements in this job:

- Advanced knowledge of product validation methodologies
- Working knowledge of source configuration management and defect tracking systems
- Able to produce a wide range of test deliverables in-line with applicable standards
- Fully focused and committed to achieve project goal
- Experience in test automation and programming
- Understanding of web technologies and real-time data processing systems
- Experience with cloud computing (preferably AWS)
- Familiar with Linux-based environments and open source technologies

**Thank you in advance for reviewing my candidacy for this position.**

Sincerely,

Tatum Hayes
