

Test Manager Cover Letter

74576 Zetta Street East Joycelyn, UT 32995-9471

Dear Jordan Bailey,

I submit this application to express my sincere interest in the test manager position.

In my previous role, I was responsible for leadership working directly with quality assurance management, project management, business and functional analysts, developers, infrastructure, and testers to gather and develop test automation requirements.

Please consider my experience and qualifications for this position:

- Communication, Financial and Risk Management practices
- Proficient with office automation tools (MS Office suite of applications, email, Internet)
- Actively working on or already PMP and PgMP certified
- Prior development experience with Business Intelligence & Data Visualization Technology such as Cognos, QlikView, and Qlik Sense
- Prior work experience with large scale Global Corporation
- In-depth knowledge of test tools and processes
- In-depth knowledge and experience of embedded software testing
- In-depth knowledge and experience in implementing test automation and simulation efforts

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Finley Hayes
