

Testing Engineer Cover Letter

9117 Sherilyn EstatesKrismouth, IA 23565

Dear Brooklyn Ullrich,

I would like to submit my application for the testing engineer opening. Please accept this letter and the attached resume.

In the previous role, I was responsible for technical leadership on the System Architecture, overseeing the Space Vehicle and Ground Segment.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Excellent communication, problem analyzing and problem solving skills
- Sense of responsibility and capable of working independently
- Good command of English in reading, writing and speaking
- Analyze test plans and Cause analysis
- Experience doing Ad Hoc problem solving
- Thorough knowledge on how the GPS system works
- Time line taken to resolve technical issues
- Operation of testing systems (e.g., MTS, Instron)

Thank you for taking your time to review my application.

Sincerely,

Landry McCullough
