

# Testing Senior Manager Cover Letter

68002 Boehm MountChristmouth, KY 26697

**Dear Royal Howe,**

In response to your job posting for testing senior manager, I am including this letter and my resume for your review.

In the previous role, I was responsible for test product quality/performance support to testing Product Manager, from test set up accuracy to bug fixes.

Please consider my qualifications and experience:

- Assist the work intake manager in lining up security assessment engagements
- Be able to manage a dynamic workload shifting priorities as business need evolves
- Basic knowledge of application security mechanisms such as authentication and authorization techniques, data validation, and the proper use of encryption
- Strong knowledge of regulatory stress testing like CCAR GMS
- Familiarity with databases and programming languages like SAS, MATLAB, Access, R, Python
- Strong managerial, communication, analytical, presentation and decision-making skills
- Knowledge of container management/virtualization technologies such as Docker, VMware and Microservices
- Application of business continuity across broad scopes of business portfolio

**Thank you for taking your time to review my application.**

Sincerely,

Tyler Kassulke
