

Third Party Management Cover Letter

4255 Hansen Rue South Melinda, SC 04327-1117

Dear Tatum Weissnat,

In response to your job posting for third party management, I am including this letter and my resume for your review.

In my previous role, I was responsible for third Party Risk Management support on APAC specific requirements such as legacy contract migration and rollout to further entities and countries.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- May require evening or weekend work
- Professional certification from the Disaster Recovery Institute, International or from The Business Continuity Institute
- BS in Financial Services, Computer Sciences, or Engineering preferred, or demonstrated equivalent experience
- In-depth knowledge of the ISO 27001 standard for Information Security Management Systems
- Experience quickly learning and implementing new technologies to meet new or emerging requirements
- Experience with cybersecurity threat models and risk mitigation/remediation techniques
- Presents findings and recommendations to various levels of leadership
- Routinely communicates results of risk assessments to governance committees, business process owners and various levels of leadership and influences decision making

Thank you in advance for reviewing my candidacy for this position.

Sincerely,
