Dear Haven Moen,

I submit this application to express my sincere interest in the trading support position.

In my previous role, I was responsible for hands-on technical support to our clients for their desktops, laptops and mobile equipment in terms of hardware, OS, and application issues.

Please consider my qualifications and experience:

- Familiar with Shell commands
- This is a very new team which has been organically grown
- Has experience working with ECNs and Liquidity Providers
- Have exposure working with Network and Firewall team
- Familiar with FIX Protocol
- Possess experience and proficiency in UNIX Shell/Perl Scripting
- Knowledgable on Java, HTML and JavaScripting
- Sound knowledge of Financial Markets products

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,

Ari Quigley
