

Trading Support Cover Letter

28471 Mikel ValleyEast Freeman, HI 27717-2304

Dear Shae Schulist,

Please consider me for the trading support opportunity. I am including my resume that lists my qualifications and experience.

Previously, I was responsible for support for desktops, laptops, MACs, printers, mobile devices including phone and tablets, peripherals and other hardware support where necessary, or escalate to 3rd party hardware support.

My experience is an excellent fit for the list of requirements in this job:

- Experience of supporting Algorithmic Trading and Dark Pools
- Experience of high frequency and low latency trading with FPGA
- Work closely with the Swaps traders / Operations on Risk/PL, Swap creation and trading and allocation processes, Basket Creation and Pricing, Cash flow reporting, Settlements, Margins and Collateral issues
- Work closely with the traders on different swap pricing issues
- Create reports using SQL for internal clients whilst closely monitoring and ensure all client reports are generated within the current Service Level Agreement
- Write scripts to automate manual workarounds for troubleshooting production issues
- Work closely with the developers to resolve issues and strategic fixes
- Partner with Application development group on day to day issues

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Briar Stanton
