

Traffic Manager Cover Letter

37788 Ian CrestArlettashire, AZ 97921-9277

Dear Jordan Ferry,

In response to your job posting for traffic manager, I am including this letter and my resume for your review.

Previously, I was responsible for accurate, useful, and timely traffic information to commuters by utilizing external sources and inputting into data system.

My experience is an excellent fit for the list of requirements in this job:

- Work closely with the UX, Design & Editorial teams to continuously improve the briefing process and ensure of a seamless transition
- Work alongside the Chennai Production team to improve the QA stage and preventing any content from going live with errors
- Continuously review and improve the Production quick reference guides to reflect changes in processes and systems
- Proactively advocate mobile first and putting the customer at the heart of all decisions
- Identify & explore improvements to all Production tools (JIRA, AEM, Digital Briefing Tool, WCS etc)
- Contribute to the Production road map
- Excellent verbal and written communication skills, a strong work ethic
- Experience using a graphical Integrated Traffic Management System – Landmark preferred

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Dylan Kessler
