

UI / UX Cover Letter

302 Minnie Mountain Port Youngburgh, ME 43731

Dear Stevie Tromp,

In response to your job posting for UI / UX, I am including this letter and my resume for your review.

In the previous role, I was responsible for input in the drive for constantly improving the scalability, extensibility, interoperability, reliability, availability and performance of Allscripts' software products.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Experience working in an Agile/Scrum/SAFe development process
- Experience with designing for e-commerce and search
- Experience with designing in a global context, across languages and locales
- A solid grasp of user-centered design and user testing methodologies
- Demonstrated knowledge of User Centered design methodologies
- In depth knowledge of Adobe Creative Suite applications (Illustrator / Photoshop)
- Solid understanding of web technologies from the design perspective
- Independent, detail-oriented self-starter with strong project management skills

Thank you for considering me to become a member of your team.

Sincerely,

Alexis Hessel
