

Unit Support Cover Letter

169 Kurt RestEllenfort, PA 49837-2617

Dear Tyler Feeney,

I am excited to be applying for the position of unit support. Please accept this letter and the attached resume as my interest in this position.

In my previous role, I was responsible for high quality virtual, hands-on, and on-site hardware and software implementation training classes for Ribbon's IP/Optical Business Unit Channel Partners.

My experience is an excellent fit for the list of requirements in this job:

- Setting fuel economy standards for the gasoline powered passenger vehicles for Bahrain aimed at reducing the gasoline consumption and air pollution
- Replacing the existing street lights to LED and/or installing solar panels on the lighting poles (with LED fixtures) that feed the national grid during the insolation hours and then feed from the grid during night (low peak hours)
- Using solar water heaters in schools and government buildings
- Any other project/task assigned by SEU
- Demonstrated knowledge of developing cost benefit analysis of sustainable energy investments
- Strong research, analysis and writing skills
- Demonstrated knowledge of energy efficiency projects renewable energy projects (solar water heaters, PV plants, wind energy)
- Broad experience and expertise at a unique level with exceptional depth

Thank you for taking your time to review my application.

Sincerely,

Sam Spinka
