

User Acceptance Tester Cover Letter

559 Purdy Landing Murraystad, NH 89034-2016

Dear Riley Considine,

I would like to submit my application for the user acceptance tester opening. Please accept this letter and the attached resume.

In my previous role, I was responsible for subject matter expertise to Business Owners across the enterprise on the UAT function and its role in the development lifecycle, enabling operational readiness and high quality of product releases.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- To be prepared to take on additional tasks as and when requested
- Previous experience in the Travel industry would be an advantage
- Excellent product and user system knowledge (PC/Mainframe/Internet)
- Dedicated to ensuring knowledge is kept current for both business and UAT processes
- Testing qualification desirable
- Perform, monitor and report Test Execution progress and the overall quality experience of the target test system to Stakeholders
- Gathers documents and converts a variety of system, business and data requirements into testing deliverables utilizing automated tools as appropriate
- Producing Test Plan including agreed code drop schedule

I really appreciate you taking the time to review my application for the position of user acceptance tester.

Sincerely,

Lennon Schamberger
